

POCKET HEMMING MACHINE 3 NEEDLES CHAINSTITCH

99-SPCH-V2

POCKET HEMMING MACHINE 2 NEEDLES LOCKSTITCH

99-SPLS-V2

MADE IN ITALY

The 99-SPCH-V2 and 99-SPLS-V2 pocket hem machines are able to combine maximum productivity with the best sewing quality.

Thanks to the patented folding system, you can go from light to heavy to stretch fabric without making any mechanical adjustments. You will have straight hemmed pockets with no curves and no waves.

99-SPCH-V2 and 99-SPLS-V2 are machines easy to use, allowing its use even by non-expert workers. Maintenance and adjustments are also extremely simple.

The machines are equipped with a threads cutting device (double cut) to obtain clean pockets. Machines are also equipped with threads breakage sensors to prevent wasted production time.

The outgoing pockets are stacked on a conveyor belt: this makes it easy to pick them up for further processing.
