

## **AUTOMATIC FRONT PLACKET HEMMING MACHINE**

**MODEL: SH1-SPCH** - CHAIN STITCH WITH KANSAI SPECIAL HEAD

**MODEL: SH1-SPLS** – LOCK STITCH WITH BROTHER HEAD

***MADE IN ITALY***

Automatic front Placket Hemming machine SH1 series, is the most efficient solution on the market.

High productivity combined with excellent quality are the strengths of this automatic machine.

The SH1 machine is easy to use, allowing its use even by non-expert workers as the puller does all the job without the operator handling the machine and it always have a straight hemming with a perfect cut at the front and back of the seam. And with this thread cutter and the stacker there is no need to add any additional helper for this operation.

TECHNICAL DATA:

- Sewing Head: Lock Stitch – Brother T8720-C ( Large hook)  
: Chain Stitch – Kansai Special DFB 1404 PE
- Sewing speed: 3,500 rpm
- Air consumption: 0.6 liters / cycle at a pressure of 5.5 bar;
- Power supply: 230V mono phase 50/60 Hz, 1.0kW;
- Productivity depend on the speed of the machine and the length of the seam
